

# Imagine an infection-free tomorrow

## Infection Prevention Systems

### Safeguarding their future begins today

We are all aware of the tremendous physical and financial toll of healthcare-acquired infections. As a trusted manufacturing partner, Cardinal Health has been helping clinicians reduce the occurrence of these infections by providing top-quality products for more than 30 years. But, products are only part of the equation. Our goal is a day when these preventable incidents are a thing of the past, which is why we have created Infection Prevention Systems — a proactive combination of industry-leading products and educational services designed to help prevent healthcare-acquired infections in every area of care.

*Infection Prevention Systems —  
working with you to eliminate  
preventable infections.*
