

Product Guide

Helping healthcare providers prepare for avian flu

The products in this brochure represent our best assessment of items that meet CDC guidelines for avian flu outbreak disease control and eradication, or the more general needs of yearly influenza outbreaks.

This is not a comprehensive list.

For more information about products that meet the needs of your specific organization, please contact your Cardinal Health sales representative.

- 4 Diagnostic Testing
- 5 Gloves
- 5 Decontamination
- 6 Antivirals
- 6 Disinfectants and Surface Wipes
- 7 Facial/Respiratory Protection
- 8 Eye Protection
- 9 Personal Protective Apparel
- 10 Hand Care
- 10 Vital Signs Monitoring

*The following is excerpted from the CDC's recently issued **Interim Guidance for Protection of Persons Involved in U.S. Avian Influenza Outbreak Disease Control and Eradication Activities** and is provided here as a service to our customers. It is not intended as, and should not be construed as, an endorsement by the CDC of any particular product.*

All patients who present to a healthcare setting with fever and respiratory symptoms should be managed according to recommendations for respiratory hygiene and cough etiquette. For additional information please see www.cdc.gov/flu/professionals/infectioncontrol/resphygiene.htm.

In addition, the Centers for Disease Control has issued interim guidance for procedures and products to protect against and help contain avian influenza in the event of an outbreak. These guidelines can be found at <http://www.cdc.gov/flu/avian/professional/protect-guid.htm>.

Personal Protective Equipment

- **Disposable gloves** made of lightweight nitrile or vinyl or heavy-duty rubber work gloves that can be disinfected should be worn. To protect against dermatitis, which can occur from prolonged exposure of the skin to moisture in gloves caused by perspiration, a thin cotton glove can be worn inside the external glove. Gloves should be changed if torn or otherwise damaged. Remove gloves promptly after use, before touching noncontaminated items and environmental surfaces.

- **Protective clothing**, preferably disposable outer garments or coveralls, an impermeable apron or surgical gowns with long cuffed sleeves, plus an impermeable apron should be worn.
- **Disposable protective shoe covers** or rubber or polyurethane boots that can be cleaned and disinfected should be worn.
- **Safety goggles** should be worn to protect the mucous membranes of eyes.
- **Disposable particulate respirators** (e.g., N-95, N-99, or N-100) are the minimum level of respiratory protection that should be worn. This level or higher respiratory protection may already be in use in poultry operations due to other hazards that exist in the environment (e.g., other vapors and dusts). Workers must be fit tested to the respirator model that they will wear and also know how to check the facepiece to face seal.* Workers who cannot wear a disposable particulate respirator because of facial hair or other fit limitations should wear a loose-fitting (i.e., helmeted or hooded) powered air purifying respirator equipped with high-efficiency filters.

Disposable PPE should be properly discarded, and nondisposable PPE should be cleaned and disinfected as specified in state government, industry or USDA outbreak-response guidelines. Hand-hygiene measures should be performed after removal of PPE.

*Respirators should be used in the context of a complete respiratory protection program as required by the Occupational Safety and Health Administration (OSHA). This includes training, fit testing and fit checking to ensure appropriate respirator selection and use. To be effective, respirators must provide a proper sealing surface on the wearer's face. Detailed information on respiratory protection programs is provided at www.osha.gov/SLTC/etools/respiratory and www.cdc.gov/niosh/topics/respirators.

Diagnostic Testing

Influenza A/B Tests*

Brand	Description	Cat. No.	Packaging
QuickVue® Influenza A+B Test Kit	<ul style="list-style-type: none"> • CLIA waived • Differential detection in 10 minutes or less • Dipstick immunoassay • 3-step procedure; two-color results 	B6948-6	10 tests/kt
BD Directigen™ EZ Flu A+B Test Kit	<ul style="list-style-type: none"> • Rapid chromatographic immunoassay • Differentiates Flu A and Flu B 	4356050	30 tests/ea
BD Directigen™ Flu A+B Test Kit	<ul style="list-style-type: none"> • Enzyme immunoassay (EIA) • Differentiates Flu A and Flu B 	B6944-15	20 tests/ea
Remel Xpect® Flu A&B Test Kit	<ul style="list-style-type: none"> • Direct, qualitative detection from nasopharyngeal washes, aspirates, swabs and throat swabs • Simple walk-away procedure with differentiation between type A and B • 100% specificity • Analytical sensitivity determined for a variety of influenza strains including H5N1 (see package insert) 	R24600	20 tests/kt
Inverness Medical BinaxNOW® Influenza A&B Test	<ul style="list-style-type: none"> • CLIA waived 	B416-110	10 tests/kt
	<ul style="list-style-type: none"> • Direct, qualitative detection from nasopharyngeal swabs and nasal washes • Differentiates between types A and B 	B416-022	22 tests/kt
	<ul style="list-style-type: none"> • Similar to B416-022, but moderately complex 	B416-000	22 tests/kt
BioStar® OIA® Flu Test	<ul style="list-style-type: none"> • OIA® (Optical ImmunoAssay) technology • Performance equivalent to 14-day culture 	FLU30	30 tests/bx
BioStar® OIA® A/B Flu Test	<ul style="list-style-type: none"> • Similar to FLU30, but differentiates between types A and B 	FLUOIAAB	30 tests/bx

* The tests featured in this brochure have been tested for efficacy against influenza A and B strains. Please check the specific package insert for each product to determine if in vitro test data is also available for the H5N1 variation.

Respiratory Syncytial Virus (RSV) Tests

Brand	Description	Cat. No.	Packaging
QuickVue® RSV Test	<ul style="list-style-type: none"> • Dipstick immunoassay • 3-step procedure; two-color results 	B6775-2	20 tests/kt
BD Directigen™ EZ RSV Test Kit	<ul style="list-style-type: none"> • Rapid chromatographic immunoassay 	B6944-19	30 tests/ea
BD Directigen™ (RSV) Test Kit	<ul style="list-style-type: none"> • Enzyme immunoassay (EIA) 	B6944-10	20 tests/ea
		B6944-9	40 tests/ea
Remel Xpect® RSV Test Kit	<ul style="list-style-type: none"> • CLIA waived; moderately complex • 2-step, simple walk-away procedure • Direct, qualitative detection from nasopharyngeal washes, aspirates and swabs • Sensitivity: 95%, specificity 94.1% 	R24601	30 tests/kt
NOW® RSV Test	<ul style="list-style-type: none"> • B430-100 is CLIA waived; B430-000 is moderately complex • Rapid immunochromatographic assay • Sensitivity: 89%; specificity: 100% (nasal wash, retrospectively) 	B430-100	10 tests/kt
		B430-000	42 tests/kt
BioStar® OIA® RSV Test	<ul style="list-style-type: none"> • Dual-detection technology • Sensitivity: 88.50%; specificity: 97.03% 	RSV30	30 tests/bx
Inverness Medical Clearview® RSV Test	<ul style="list-style-type: none"> • Lateral flow test • Sensitivity: 95.2%; specificity: 99.3% 	B6775-109	20 tests/kt

Gloves

Esteem® Stretchy Nitrile Exam Gloves

- DEHP-free
- Specially formulated synthetic stretchy nitrile with the comfort and flexibility of natural latex
- Powder-free ambi with beaded cuff in three finishes:
Textured gloves have a smooth surface and textured fingers
Fully textured gloves are textured on both fingers and palms
Microtextured gloves are microtextured on both fingers and palms

Cat. No.	Size	Packaging
Textured Gloves		
8815N	X-small	100/bx, 1000/cs
8816N	Small	100/bx, 1000/cs
8817N	Medium	100/bx, 1000/cs
8818N	Large	100/bx, 1000/cs
8819N	X-large	90/bx, 900/cs
8819NXX	XX-large	90/bx, 900/cs
Fully Textured Gloves		
8854NXS	X-small	100/bx, 1000/cs
8855NS	Small	100/bx, 1000/cs
8856NM	Medium	100/bx, 1000/cs
8857NL	Large	100/bx, 1000/cs
8858NXL	X-large	90/bx, 900/cs
8859NXY	XX-large	90/bx, 900/cs
Microtextured Gloves		
8810N	X-small	100/bx, 1000/cs
8811N	Small	100/bx, 1000/cs
8812N	Medium	100/bx, 1000/cs
8813N	Large	100/bx, 1000/cs
8814N	X-large	90/bx, 900/cs
8814NXX	XX-large	90/bx, 900/cs

Safeskin® Brand Purple Nitrile® Exam Gloves

- Purple color quickly differentiates them from latex gloves
- Powder-free, ambidextrous gloves with a beaded cuff
- Textured fingertips for improved wet and dry grip

Cat. No.	Mfr. No.	Size	Packaging
55080	55080	X-small	100/bx
55081	55081	Small	100/bx
55082	55082	Medium	100/bx
55083	55083	Large	100/bx
55084	55084	X-large	90/bx

Esteem® Brand Tru-Blu™ Stretchy Powder-Free Latex-Free Nitrile Exam Gloves

- Higher coefficient of friction, even when wet
- Greater tactile sensitivity while maintaining film strength and barrier protection

Cat. No.	Size	Packaging
8895N	X-small	100/bx, 1000/cs
8896N	Small	100/bx, 1000/cs
8897N	Medium	100/bx, 1000/cs
8898N	Large	100/bx, 1000/cs
8899N	X-large	90/bx, 900/cs
8899NXX	XX-large	90/bx, 900/cs

Decontamination

MK-1™ Isolation Fixed Room Conversion Systems

- Filter to 99.995% efficient biosafe level HEPA
- Designed to convert a standard room into an isolation chamber

Cat. No.	Description	Packaging
CHICS3012A	With room monitor electronics package	1/ea
CHICS3011A	Without room monitor electronics package	1/ea
CHICS3019	Anteroom only	1/ea

Antivirals

Tamiflu® Capsule

- 75mg
- Blister pack

Cat. No.	Description	Packaging
CAH2919181	Tamiflu® capsule	1/ea

Disinfectants & Surface Wipes

Description	Kill Times	Cat. No.	Packaging	Quantity
DISPATCH® Hospital Cleaner Disinfectant With Bleach				
<ul style="list-style-type: none"> Meets OSHA Standard and Instruction CPL2-2.44C, NCCLS Guideline M29 and CDC MMWR Vol. 36 No. 25, Vol. 37 No. 24, Vol. 38 No. 5-6 for exposure to bloodborne pathogens 1:10 bleach and detergent solution 	HIV-1 (AIDS virus), poliovirus, staph, <i>Salmonella</i> , strep, pseudomonas, VRE, MRSA, rotavirus, herpes simplex virus type 2 and pathogenic fungi in 1 min. Kills TB in 30 sec.	68963	8-oz. spray bottle	1/bo, 15/cs
		68967	22-oz. spray bottle	1/ea, 8/cs
		68970	32-oz. spray bottle	1/ea, 6/cs

Secure-Gard® Standard N95 Respirators

- Comply with NIOSH standards for N95 respirators

Cat. No.	Description	Packaging
N95-S	Small	20/bx, 120/cs
N95-ML	Medium/large	20/bx, 120/cs

Double-Strap N95 Respirators

- Alternate shape for individuals with low nose bridges

Cat. No.	Description	Packaging
FRN95-S	Small	20/bx, 120/cs
FRN95-ML	Medium/large	20/bx, 120/cs
FRN95-A	For low nose bridges	20/bx, 120/cs

N95 Disposable Dust/Mist Respirator

- Strengthened outer shell helps prevent structural collapse due to moisture saturation
- Meets NIOSH Approval No. TC-84A-3715

Cat. No.	Description	Packaging
AC50222	N95 disposable dust/mist respirator	20/bx

EZ-ON® N95 Respirators

- Straps are attached outside the filtering area, providing healthcare workers with greater protection
- NIOSH approved

Cat. No.	Description	Packaging
FRN95-SEZ	Small	20/bx
FRN95-MLEZ	Medium/large	20/bx

Pleats Plus® N95 Folding-Style Particulate Respirators

- Provide >99% BFE against wearer-generated microorganisms per ASTM F2101-01.2001
- Comply with OSHA bloodborne pathogens standard when worn properly with protective eyewear
- Double the surface area of cup masks for low breathing resistance

Cat. No.	Description	Packaging
502560000A	Small/medium, individually wrapped	25/bx
502570000A	Medium/large, individually wrapped	25/bx
50261-0000	Medium/large, individually wrapped	200/cs
S1371-16A	Medium/large, bulk packaged	50/bx

N95 Cup-Style Particulate Respirator

- NIOSH approved
- Interior foam flap for a snug, effective fit around the nose

Cat. No.	Description	Packaging
S1371-18B	Cup-style particulate respirator	20/bx

Replacement Filters for AOSafety® Respirators

- NIOSH approved
- N95 for protection against particulates not containing oil; R95 for particulates that may contain oil

Cat. No.	Description	Packaging
For Use With UNISTAR® Quarter-Mask Respirators		
S1371-5A	N95	2/bx
For Use With AO 7 STAR® and OMNI STAR® Full-Face Respirators		
S1371-21A	N95	10/bx
S1375-5A	R95	10/bx

CFR-I™ Comfort Fit Respirators

- Reusable particulate respirators with soft facepiece
- N95 particulate filter does not touch the face, keeping it cool and dry
- Built-in exhalation valve and an adjustable harness

Cat. No.	Mfr. No.	Description	Packaging
4200S	4200S	Small	1/ea
4200M	4200M	Medium	1/ea
4200L	4200L	Large	1/ea

Facial Protection (continued)

Secure-Gard® Polypropylene Outer Facing/Polypropylene Inner Facing Procedure Masks

- Ideal for patient use and quick application
- Deliver the same level of protection to the wearer if worn correctly or inside-out

Cat. No.	Description	Packaging
AT7004	Yellow procedure mask	300/cs
AT7511	Blue procedure mask	300/cs

Secure-Gard® Multi-Color Procedure Mask With Fog-Free Foam

- Easy to identify by its distinctive multi-color outer facing
- Passes ASTM standards for synthetic blood penetration (ASTM F1862) at 160mm Hg

Cat. No.	Description	Packaging
AT74531	Secure-Gard® procedure mask with fog-free foam	50/bx, 300/cs

Secure-Gard® One-Piece Face Shields With Foam Headband

- Meet OSHA Bloodborne Pathogen Regulations
- Treated with an antifog coating on both sides

Cat. No.	Description	Packaging
H1SHIELD50	With 3/4-length headband, green trim	25/bx
F1SHIELD50	With full-length headband, purple trim	25/bx

CENTURION® Clear Splash Masks

- Meet ANSI Z87.1 and CAN/CSA-Z94.3 standards

Cat. No.	Description	Packaging
G7507-31	With clear lens	10/pk
G7507-29	With clear antifog lens	10/pk

Facial Tissues

- Absorbent two-ply tissues are made of recycled fibers

Cat. No.	Description	Packaging
10310-025	5" x 7.5"	40 sheets/bx, 200 bx/cs
10322-100	7.5" x 6.5"	90 sheets/bx, 72 bx/cs
10325-100	8.5" x 7.5"	90 sheets/bx, 72 bx/cs
10326-100	9.7" x 8.4"	40 sheets/bx, 72 bx/cs

Eye Protection

Impact Goggles

- Elastic headband
- 0.05" clear polycarbonate lens is held by a safety-lock tab with snap button

Cat. No.	Description	Packaging
G7500	Impact goggles	1/ea

Tour-Guard III® Safety Spectacles

- Meet ANSI Z87.1 and CAN/CSA-Z94.3 standards
- Made of impact-resistant Duralite® polycarbonate

Cat. No.	Description	Packaging
G7507-86	Regular, individually wrapped	100/cs

CENTURION® Safety Goggles

- Wide back opening for wear over large safety glasses
- Wide nasal flare accommodates most half-mask respirators
- Vertical vent system for reduced fogging
- Meet ANSI Z87.1-1989 standard

Cat. No.	Description	Packaging
G7507-20	Safety goggles	1/ea
G7507-27	Safety goggles with DURAFON® III coating	1/ea
G7507-31	Safety chemical-splash goggles (indirect venting)	1/ea

Slip-On Plastic Slide

- Attach to your pair of eyeglasses for protection
- Does not meet ANSI standards

Cat. No.	Description	Packaging
G7507-85	Slip-on plastic slide	1/ea

Personal Protective Apparel

Presource® Standard Personal Protection Packs

- All kits contain:
 - One pair large and one pair medium Esteem® gloves
 - N95 respiratory mask
 - Tour-Guard III® safety spectacles
 - Comfort™ bouffant
 - One pair Convertors® shoe covers

Cat. No.	Additional Kit Components	Packaging
GS90PPEO1	Isolation gown	12/cs
GS90PPEO2	Isolation gown, facial tissue and BioSoft® alcohol hand sanitizer	12/cs
GS90PPEO3	Convertors® disposable coverall	12/cs
GS90PPEO4	Convertors® disposable coverall, facial tissue and BioSoft® alcohol hand sanitizer	12/cs

Convertors® Brand SmartGown™ Fully Impervious Gowns

- Tough construction of the material and main seams on the sleeves is recognized as impervious by the FDA
- Classified as an AAMI Level 4

Cat. No.	Description	Packaging
39015	Large	20/cs
32474	X-large, X-long, A-line	16/cs

Convertors® Impervious Isolation Gowns With Full Back

- Slip easily on and off
- Meet ASTM F1670 and F1671 standards

Cat. No.	Description	Packaging
7100PG	Yellow with knit cuffs, universal	100/cs
7101PG	Yellow with knit cuffs, X-large	100/cs
7300PG	White with knit cuffs, universal	100/cs
7301PG	White with knit cuffs, X-large	100/cs

Spunbonded Polypropylene Isolation Gowns With Ties

- Made of single-layer spunbonded polypropylene for basic coverage

Cat. No.	Description	Packaging
1100PG	Yellow, universal	100/cs
1101PG	Yellow, X-large	100/cs
1200PG	Blue, universal	100/cs

Convertors® Heavy-Duty SMS Shoe Covers

- Fluid-resistant SMS material

Cat. No.	Description	Packaging
5852	With skid-resistant traction, universal	100/bx, 400/cs
5854	With skid-resistant traction, X-large	100/bx, 400/cs
5859	With skid-resistant traction, XX-large	100/bx, 400/cs
5850	Without skid-resistant traction, universal	400 /cs

Yellow Latex Booties

- Water-resistant
- Textured outer sole for slip resistance

Cat. No.	Description	Packaging
NA352S	Small	50 pairs/cs
NA352MED	Medium	50 pairs/cs
NA352LRG	Large	50 pairs/cs
NA352XL	X-large	50 pairs/cs

Servus® Brand HZT™ Knee Boots

- Feature steel toe, steel midsole and self-cleaning outer sole
- Meet ANSI Z41 PT 99

Cat. No.	Description	Packaging
N7517707	Size 7	6 pr/cs
N7517708	Size 8	6 pr/cs
N7517709	Size 9	6 pr/cs
N7517710	Size 10	6 pr/cs
N7517711	Size 11	6 pr/cs

Convertors® Disposable Coveralls

- Made from lightweight SMS fabric

Cat. No.	Description	Packaging
Blue Coveralls With Open Cuffs and Ankles		
1200CV	Universal	24/cs
1201CV	X-large	24/cs
1202CV	XX-large	24/cs
White Coveralls With Elastic Cuffs and Ankles		
2200CV	Universal	24/cs
2201CV	X-large	24/cs
2202CV	XX-large	24/cs

Tyvek® General-Purpose Coveralls

- Available in either the basic style with set-in sleeves or the premier style with raglan sleeves, a bound collar and a more generous cut

Cat. No.	Description	Packaging
Basic Coveralls		
9365	Small	25/cs
9366	Medium	25/cs
9367	Large	25/cs
9368	X-large	25/cs
Premier Coveralls		
9375	Small	25/cs
9376	Medium	25/cs
9377	Large	25/cs
9378	X-large	25/cs

Tyvek® Shoulder Apron With Sleeves

- Made of Tyvek® material for excellent splash protection
- Tyvek® material is antistatic and water-resistant

Cat. No.	Description	Packaging
3341N	Tyvek® shoulder apron with sleeves	75/cs

Hand Care

BioSoft® Alcohol Hand Sanitizer

- Contains Neu-Thera® moisturizers
- Proven to kill bacteria with the ability to protect, restore and moisturize hands

Cat. No.	Description	Packaging
SOFT02	2-oz. bottle	96/cs
SOFT04	4-oz. bottle	24/cs
SOFT16	16-oz. bottle	12/cs
SOFT32	32-oz. bottle	12/cs
SOFT1200	1200mL container	8/cs
DISOFT1200	1200mL dispenser	1/ea

Allegiance® Foamed Alcohol

- Fragrance-free foam contains 62% ethyl alcohol to decrease bacteria and reduce the risk of infections

Cat. No.	Description	Packaging
AF015	1½-oz. bottle	48/cs
AF008	8-oz. bottle	24/cs
AF016	16-oz. bottle	12/cs

3M™

Avagard™ Instant Hand Antiseptic With Moisturizers

- Effective against MRSA and VRE antibiotic-resistant bacteria
- Contains 61% w/w ethyl alcohol in an emollient base that feels smooth on hands

Cat. No.	Description	Packaging
M9221	3-oz. bottle	48/cs
M9222	16.9-oz. bottle	12/cs

Instant Hand Sanitizer

- Contains 62% ethyl alcohol

Cat. No.	Description	Packaging
AL2008A	8-oz. bottle	12/cs

Vital Signs Monitoring

Allegiance® Clinical Digital Fahrenheit Oral Thermometer

- Mercury-free and water-resistant
- Easy-to-read LCD

Cat. No.	Description	Packaging
16811-100	Boxed	12/bx, 144/cs
16811-500	Bulk	25/bx, 500/cs

Tactics™ Disposable Blood Pressure Cuffs

- Latex-free, lightweight
- Disposable to help eliminate cross contamination
- Smooth vinyl cuffs wipe clean; soft Sontara® cuffs are gentle to skin

Cat. No.	Description	Packaging
Soft Cuffs With Screw Connector, 2 Tubes		
30502-019	Small child	5/bg, 20/cs
30502-012	Small adult	5/bg, 20/cs
30502-013	Adult	5/bg, 20/cs
30502-014	Large adult	5/bg, 20/cs
Vinyl Cuffs With Bayonet Connector, 1 Tube		
30505-319S	Small child	5/bg, 20/cs
30505-312S	Small adult	5/bg, 20/cs
